

Alex Turner

Senior Full-Stack Engineer — React & Node.js Specialist

Email: alex.turner.dev@example.com | Phone: +1 (415) 555-0199 | Location: San Francisco, CA

PROFILE

Passionate and results-driven Software Engineer with 4+ years of professional experience architecting high-throughput cloud applications and responsive modern web interfaces. Dedicated to clean code, automated testing, and scalable microservice architectures.

SKILLS

- Frontend: React, TypeScript, Next.js, JavaScript, Tailwind CSS, HTML5, CSS3, Redux
- Backend & Cloud: Node.js, Express.js, PostgreSQL, MySQL, Docker, AWS, REST APIs
- Architecture & Tools: Microservices Architecture, Git, CI/CD Pipelines, Unit Testing

WORK EXPERIENCE

CloudScale Technologies Inc.

Senior Full-Stack Engineer | Jan 2022 – Present | San Francisco, CA

- Architected and scaled distributed backend microservices in Node.js and TypeScript handling 10M+ daily events.
- Built dynamic enterprise web dashboards with React and Tailwind CSS improving customer workflows by 35%.
- Mentored junior engineers and instituted automated end-to-end testing, boosting code coverage to 92%.

Apex Software Solutions

Full-Stack Developer | Jun 2020 – Dec 2021 | San Jose, CA

- Designed and implemented full-stack REST APIs using Express.js, TypeScript, and PostgreSQL.
- Developed responsive UI components with React and state management using Redux Toolkit.
- Integrated Docker containerization into the continuous integration pipeline for rapid deployments.

EDUCATION

University of California, Berkeley

Bachelor of Science in Computer Science | Graduated May 2020 | GPA: 3.85

CERTIFICATIONS

- AWS Certified Solutions Architect (Associate)
